

Please oppose the Consumer Bank Association's petition to gain an exemption to Indiana's Telephone Privacy Act. I would consider unsolicited calls from large corporation w/ whom I'm already doing business (e.g., phone company, utility company, insurance company, credit card company, etc) "more of the same" in terms of obnoxious, unwanted phone solicitations. Please stop this attempt to subvert a very helpful and citizen-friendly law!

Thank you,
Annette Brehm
